

The image features the Cannondale logo in white, lowercase letters with a registered trademark symbol (®) at the end. The logo is centered on a dark gray background. The background is decorated with a pattern of numerous thin, parallel lines in various shades of gray, all oriented diagonally from the top-left to the bottom-right. The lines vary in length and thickness, creating a textured, digital-like effect.

# F-Si Carbon 5

## FOR THOSE WITH SERIOUS ISSUES

If you're obsessed with XC, the all-new F-Si is the bike for you. Built to climb faster, descend harder, and sprint better than any other hardtail out there, it's serious XC goodness for those with serious XC issues.

---
